

Press release from Atlas Copco AB

## **Danish process filtration company has become part of Atlas Copco Group**

**Nacka, Sweden, Aug 2, 2024; Danmil A/S (“Danmil”), a Danish process filtration company has become part of Atlas Copco Group. The company designs, manufactures, and distributes high-end process filtration solutions for the pharma as well as the food and beverage sector.**

*“With this acquisition we are expanding our liquid and gas filter product range”, said Philippe Ernens, Business Area President for Compressor Technique. “This will also further enhance our expertise in this area for customers within pharma as well as food and beverage sectors.”*

The company, established in 1986, is headquartered and has its manufacturing plant in Greve, Denmark. Danmil has 26 employees and during 2023 revenues of 11 MEUR (126 MSEK\*).

Danmil has become part of the Medical Gas Solutions Division, within the Compressor Technique Business Area.
